BAC Executive Report

It was agreed at the meeting on 26th June that I should visit Bishop Todd to ascertain whether he had any ideas of how we could increase our membership. Colin Shutt and I met with the bishop on 8th July. Bishop Todd felt that the most difficult course for us to follow would be trying to get together with the ACW.

After having browsed the BAC Handbook the Bishop thought that we could perhaps redraft the handbook by bringing it up to present day English.

The Bishop said they had some success by holding a meeting/get together on a particular topic to which parishioners and other people were invited. As a result of the get together interested persons did come forward. This would mean we will need to come up with an excellent topic and a good speaker. This may involve additional work on behalf of the Executive but if we do not put the work in we cannot expect any result.

I visualize that we could hold say three or four such meetings throughout Huron. I also suggest that we have a meeting before to thrash out the details
